

I have a few finished kites and sails looking for a good home, as well as an inventory of spars and fittings accumulated over the years. That's all listed below at prices that are hard to beat, most of it for less than my cost. I'm happy to offer even greater discounts on large orders - send me an email and let's talk!

The stockpile of PC-31 and other fabrics has not been inventoried yet, but if you are interested please let me know and I will notify you when that's available.

As items get added and removed from this list, keep current by downloading the most recent copy at <http://sturdy-designs.com/clearance.pdf>

Sincerely,
Will
will@sturdy-designs.com

Item	Clearance price
KITES	
Saber III blue	\$ 189.00
Impulse blue	\$ 189.00
